LORENCE RODRIGUEZ

ENTRY-LEVEL WEB DEVELOPER | IT GRADUATE

San Pedro, Laguna, Philippines • 0920 882 6429 • lorencerodriguez.dev@gmail.com

GitHub | LinkedIn | Portfolio

PROFESSIONAL SUMMARY

IT graduate and entry-level web developer experienced in building full-stack management systems with React.js, JavaScript, Node.js, and MySQL. Independently developed a library management system during an internship; brings additional skills in technical support, troubleshooting, and user-focused application development.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, TypeScript, React.js, Tailwind CSS, Bootstrap, Axios

Backend & Databases: Node.js, Express.js, PHP, MySQL, PostgreSQL, RESTful APIs, API integration & testing

Tools & Platforms: Git, GitHub, VS Code, XAMPP, Postman, Figma, Microsoft Office, Canva, CapCut

Other: Computer troubleshooting, basic networking, technical support

PROFESSIONAL EXPERIENCE

Information Technology Intern Feb 2026 – May 2026

Cavite State University – Carmona

- Independently developed a full-stack Library Management System using React.js, Tailwind CSS, Node.js, Express.js, RESTful APIs, and MySQL; implemented authentication, book management, attendance tracking, room reservations, and account management.
- Diagnosed display and Ethernet connection issues, maintained equipment, and provided technical support for campus events, presentations, and AV equipment.
- Created event documentation and multimedia content using Canva and CapCut.

PROJECTS

SecureAttend | Biometric Attendance Management System

Built a fingerprint-integrated attendance system for employee management, work schedules, attendance tracking, and automated reports.

Tech: JavaScript, React.js, Tailwind CSS, Node.js, MySQL, C#, ZKTeco biometric fingerprint

E-Library Management System

Developed book and digital-resource management, borrowing transactions, reservations, and QR-code student attendance tracking.

Tech: JavaScript, React.js, Tailwind CSS, Node.js, MySQL, QR code

Dormitory Management System

Built a centralized dashboard for room assignments, tenant records, occupancy monitoring, and real-time room availability.

Tech: JavaScript, React.js, Tailwind CSS, Node.js, MySQL

Glitter Tails | Pet Grooming Appointment System

Developed online booking, appointment scheduling, and reservation management to simplify the grooming booking process.

Tech: HTML, CSS, JavaScript, PHP, MySQL, XAMPP

EDUCATION

Bachelor of Science in Information Technology 2023 – 2026

Cavite State University – Carmona
