## PROFESSIONAL EXPERIENCE

**Information Technology Intern** May 2026 – Present
*Cavite State University – Carmona*

- Developed a library management system with login authentication, book management, attendance monitoring, room reservations, and user account management.
- Troubleshot computer display and Ethernet connectivity issues and performed basic equipment maintenance and performance checks.
- Provided technical support for campus events, including audio equipment, presentations, laptops, and monitors.
- Produced event documentation and multimedia content using Canva and CapCut.

## PROJECTS

**SecureAttend | Biometric Attendance Management System**

- Developed a web-based system for Toplis Solution Inc. to manage employee records, schedules, biometric attendance, and automated reports.

**E-Library Management System**

- Built a platform for books, e-books, journals, theses, borrowing transactions, reservations, and QR code-based student attendance.

**Dormitory Management System**

- Created a centralized dashboard for managing room assignments, tenant records, occupancy status, and real-time unit availability.

**Glitter Tails | Pet Grooming Appointment System**

- Developed an online appointment-booking interface for pet grooming clients to schedule and manage bookings.
